

GGT June Development Drive

Sanna Solem presenting her check to the GGT June Development Drive.

To tangibly support the move to reach the initial GGT goal of \$50,000—a CLC family has generously committed to double all contributions made to the GGT from May 18th until the end of June 2003, up to \$12,500 (i.e., if we raise \$12,500, this commitment is for an additional \$25,000). As of May 18th the GGT balance was at 26K. Over the next week an additional \$1,180 was contributed bringing us to \$27,180. This amount has increased again, bringing the amount of the GGT Account, including current matching gifts, up to approx. \$34,640, as reflected in the thermometer to the upper left.

Please reach into your hearts (and wallets) to help us meet and exceed this goal. Look for weekly updates on this exciting initiative as we move forward.
